

science of the SNOWY SCHEME COMPETITION

HINT AND TIPS FOR YOUR VIDEO ENTRY

FILMING

- ✓ Make sure your entry is within **1-3 minutes**
- ✓ Speak into the camera, voice is loud, clear and not too fast, know what you want to say, use the sunlight by having it behind the person filming
- ✗ Avoid shaky movements, noisy space when filming (ie wind, traffic, dog barking, construction), filming into direct sunlight if filming outside, standing in front of a window to film

PROPS

- ✓ Use props if this helps with your explanation
- ✓ If you use a poster or picture as a prop, remember a picture can speak a thousand words - make sure it is readable on camera

PREPARATION

- ✓ Lighting
- ✓ Film with a neutral background
- ✓ Make sure what you want is in the frame
- ✓ Are you filming in one spot or many spots? Be clear on what you want to say in each spot, make position and narrative work together to tell an overall story
- ✓ Ask for feedback
