

science of the SNOWY SCHEME COMPETITION

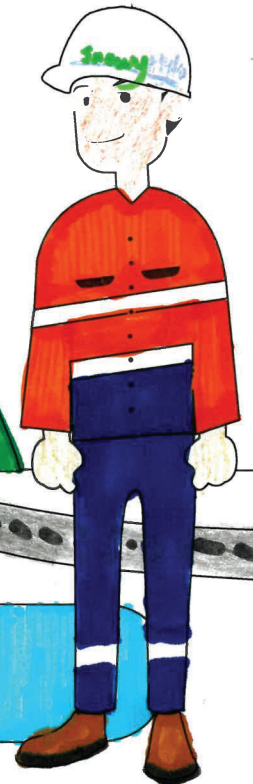

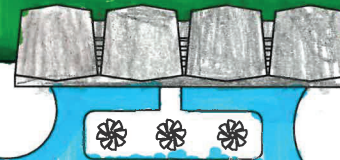

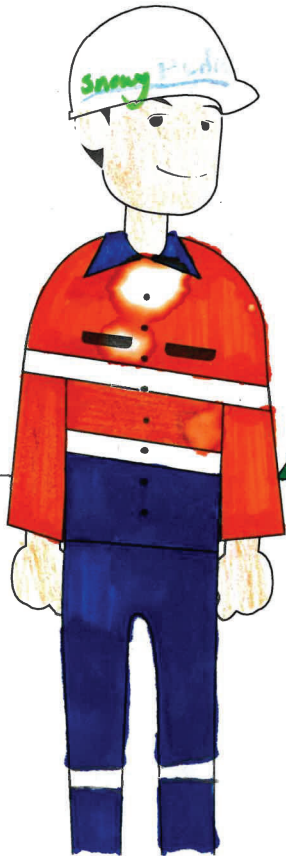

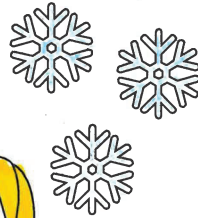

STEM CAREERS AT SNOWY HYDRO

Part 1: Colouring-in Sheet

Name Annalise Musengi

Date 22 / 10 / 23

Annalise 22-10-23

Part 2 - Answer

In 50 words or less, write about someone that inspires you and why?

Write your answer to the competition question here

My father is an Engineer at Snowy Hydro. He designs and builds Generator control systems, including devices that measure things like pressure, temperature and power, and presents the information on the Control Room computers for monitoring. His work helps me understand the role of Hydropower in the transition to reliable renewable energy in Australia.
