

Snowy 2.0

TBM Spot the difference

Did you know?

As part of Snowy 2.0, there will be approximately 40km of tunnels dug, with the majority of the excavation being completed by three tunnel boring machines (TBM). Here is a picture of a TBM.

Can you spot the differences between the photos?

Hint - there are 10 differences to find

What are you trying to find?

1. Stripe on TBM colour change - blue
2. Word 'crane' removed
3. Lifting lug colour change - navy
4. 'Lady Eileen Hudson' name removed
5. Wall colour change - navy
6. 'Snowy' colour change in logo - orange
7. Snowy 2.0 logo removed
8. Cutterhead element colour change - green
9. Window colour change - white
10. Black stripes colour change - red

Design your own tunnel boring machine
